

# GRID

STRATOSCAPE  
by  
**lumii**

Immerse yourself in the ordered symmetry of Grid, a suspended acoustic ceiling raft system featured in our StratoScape By Lumii collection, made from our in-house Miixfelt™ in 12mm thickness for amazing acoustic comfort.

Architects and designers can fashion visually captivating spaces, where Grid's structural patterns establish a clear sense of order and purpose, bringing excellent diffusion of sound.

Created in the UK using our in-house Miixfelt™, which is made from 75% recycled plastic bottles.
